## **OVERVIEW**

Mississippi Stud is a five-card poker game. Players compete against a payable, not against the dealer or other players.

Players ante and receive two cards. They either fold or buy the first community card (betting 1x to 3x their ante). When that card is revealed, they either fold or buy the second community card (1x to 3x their ante). After that card is revealed, they either fold or buy the third and final community card (1x to 3x their ante).

Players need a pair of 6s or better to win. Odds printed on layout. All bets receive odds.

## **RECOMMENDED DEALING PROCEDURES**

1. Shuffle Master recommends using a Deck Mate® or an ACE® shuffler. When using the ACE, contact your Shuffle Master service technician to set up the appropriate mode.
2. To begin the game, players must make an Ante bet.
3. Working from left to right, the dealer gives each player two starting cards, face-down.
4. The dealer places three community cards—face down—in the assigned area.
5. After looking at their two cards, players have a choice:
  - a. Fold (and surrender their ante); or
  - b. Make a flop bet of 1x to 3x their ante.
6. The dealer then reveals the first community card.
7. Players have a choice:
  - a. Fold (and surrender their ante and flop bets); or
  - b. Make a turn bet of 1x to 3x their ante.
8. The dealer then reveals the second community card.
9. Players have a choice:
  - a. Fold (and surrender their ante, flop and turn bets); or
  - b. Make a river bet of 1x to 3x their ante.
10. The dealer then reveals the third community card.
11. Working from right to left, the dealer reveals each player's two-card starting hand and combines it with the three community cards.
12. The dealer pays according to the posted payable. All winning bets receive the same odds payouts.
